

# Reading Ambassadors

## Poppy in Nightingale

This year, I have enjoyed working with Ms Lydon, especially when finding out about different books that are read in my class.

## Katie in Raven

I have enjoyed looking at other children's reading records to find out what types of books other children like to read.

## Hana in Sparrow

In my role, I want to make sure that children are reading different genres of books. This is because they will learn more about a range of topics.

## Sophie in Swift

For this year, I would love to see children across the whole of the school enjoy reading different genres of books.

## Overview of tasks

- To identify reading heroes in different phases.
- To make the school library a place where children want to read their favourite books.
- To organise reading competitions across the year.
