

# Statement of intent

## Art

We believe that through art, our children will:

- Develop spiritually, morally, socially and culturally (SMSC)
- Communicate and experiment in a creative and varied manner using a wide range of different media
- Develop a fundamental appreciation of art
- Use the language of art, craft and design when discussing, evaluating and analysing artwork
- Become proficient in art, craft and design techniques, improving their ability to control materials and tools
- Use a sketchbook to document their learning and progress
- Become respectful and tolerant of different cultures and beliefs through appreciating and understanding the contribution made by artists, craft makers and designers
- Develop their creativity, originality and imagination, developing their own individual style
- Develop understanding and use of the 7 elements of art.
