

Statement of intent

History

Here at Vicar's Green we believe that:

- A high quality history education will help our pupils gain broad and balanced view of the history of Britain, other societies and epochs.
- They will gain a coherent knowledge and understanding of the past and its events which will in turn improve the cultural capital through a deeper understanding of the world around them and their heritage.
- History can inspire curiosity in pupils and engender a desire to know more about the past which can help them to form their own opinions and make informed choices.
- Through the History Curriculum they should understand historical concepts such as cause and consequence; continuity and change, and recognize methods of historical enquiry and the use of evidence.
- Knowledge of historical concepts will enable pupils to be aware of how rigorous historical arguments are constructed and why there are contrasting interpretations of the past.
