

Message from the Headteacher

Subject Leaders and the members of the Senior Leadership Team looked at pupils' books across the whole school as a part of our annual monitoring cycle. This time we focused on: 'Presentation and Handwriting, Feedback and Marking and Quality of Work'. Below I am sharing with you a summary of our findings.

Presentation and Handwriting: Work is neatly presented and in line with the presentation guidance; handwriting is mostly of a good standard

Feedback and Marking: All work is marked and there is evidence of pupil feedback through the use of purple pens

Quality of Work: Clear sequence of lessons which demonstrate a steady development of subject specific skills.

Teachers are now going to be focusing on further developing the next steps and challenges and creating more opportunities for pupils to give feedback.

Parents, please may I request you to keep all appointments outside of school hours. We are unable to let children go out of school and miss their learning for dentist appointments and eye tests, as these can be easily organised out of school hours. Pupils being in school is a statutory requirement and they can only get permission to leave for exceptional circumstances.

Warm Regards

Iman Basu Roy

School Council Trip to Alperton Cemetery

All of the pupils from our School Council visited Alperton Cemetery, on Friday the 10th November, to remember all the people who have lost their lives in past wars.

When we arrived at the cemetery laid a wreath, which we had made, at the war memorial. We had all written poems about Remembrance Day so we took it in turn to read these.

We spent some time looking at the graves by the war memorial and read the names of the soldiers and civilians who has lost their lives during WWII. It was shocking to see so many names.

At 11am, we held a 2 minutes silence to show our respect to the armed forces past and present who lost their lives fighting for their country.

Know where to get the right help

NHS

There are lots of NHS services that can help you.

Knowing where to go, and when, can help you get the right care when you need it.

Pharmacy

Local pharmacists are **qualified healthcare professionals**. They can help you with minor health concerns and illnesses including coughs, colds, upset stomachs and skin/eye infections. They can also give some vaccinations and help with medications.

They can be found on most high streets and are a quick and convenient way to get medical advice. They will see you face to face and provide confidential help on the same day, with **no appointment needed**.
